

Morae Recorder

What can be captured

- Entire screen
- [Multiple screens](#) ◀ **NEW 3.0**
- [Region of a screen](#) ◀ **NEW 3.0**
- Web camera capture
- [DV camera capture](#) ◀ **NEW 3.0**
- Microphone audio
- Window events
- Mouse clicks and movements
- Web page changes
- Observer markers
- Keyboard activity
- User surveys

How it is captured

- COM interface for recording through a separate application
- [AutoPilot](#) ◀ **NEW 3.0** (automatic task delivery)
- [Dual camera capture](#) ◀ **NEW 3.0**
- Recorder hotkeys
- [Preset study configurations](#)
- [Customizable study configurations](#) ▲ **NEW 3.0**
- Customizable start and stop options
- Live observation and marking
- Automatic data recovery
- Audio and video preview
- Integrated System Usability Scale (SUS)
- Create and customize user surveys
- Create and customize tasks
- Definable markers
- Set markers with Wii™ [Remote \(optional\)](#) ◀ **NEW 3.1**

Morae Observer

Observer includes

- Observation through LAN/VPN
- Multiple Observers watching single session
- Defined markers
- Free-form notes
- Editable log of tasks and notes
- WMV video output
- Real-time picture-in-picture view
- Participant audio
- Defined task logging
- TXT file export of marker log
- [List view of session and task duration](#) ◀ **NEW 3.1**

Morae Manager

Analyze

- Marker and note creation (post-recording)
- Synchronized video and data streams
- Import additional videos (AVI, WMV, ASF)
- Searchable user data
- [Cross-recording search](#) ◀ **NEW 3.0**
- [Variable speed playback](#) ◀ **NEW 3.0**
- Zooming timeline
- Automatic calculation of standard metrics
- Exportable data tables
- Survey analysis
- Automatic segment creation
- Video clip creation
- [Audio normalization](#) ◀ **NEW 3.1**
- [Audio waveform](#) ◀ **NEW 3.1**

Present

- [Flash compatible MP4 creation](#) ◀ **NEW 3.1**
- WMV video creation
- AVI video creation
- Add audio to clips
- Session/project data files (CSV)
- [PowerPoint export](#) ◀ **NEW 3.0**
- [Word add-in](#) ◀ **NEW 3.0**
- Multiple storyboard creation
- Title clips
- Transitions
- Customizable PiP view
- [Image clips from recordings](#) ◀ **NEW 3.1**
- [Secure online sharing \(Screencast.com\)](#) ◀ **NEW 3.1**

Graph

- Automatic graphing for cross-recording metrics
- Graph templates
- Multiple data views
- Customizable graph display
- Export graph image
- Export graph data
